

## **California Wildfires – Free Services**

**November 28, 2018**

---

In response to the recent California wildfires, **ANTHEM BLUE CROSS** is providing resources—to all residents of Butte, Los Angeles and Ventura counties—to access medical treatment or support via their **Employee Assistance Program (EAP)** and **LiveHealth Online** telehealth service.

### **EMPLOYEE ASSISTANCE PROGRAM (EAP)**

Anthem's EAP provides resources for emotional, financial and legal support. These tools will be offered at no cost and will be available 24/7 through the EAP crisis line.

- Visit **anthemeap.com** and use the login code "**cawildfires**"

### **LIVEHEALTH ONLINE**

Consumers who need medical care can also access LiveHealth Online, Anthem's 24/7 telehealth service. LiveHealth Online offers video visits with U.S.-based board certified doctors on a mobile device or computer from anywhere for non-emergency health conditions. Anyone in California who downloads the mobile app or registers on the website will be able to visit with a doctor for free. The free visit offer will be available through December 31, 2018.

- Download the mobile app or visit **livehealthonline.com** and select the "**Help for Wildfires Medical**" practice

Please contact the Trust Fund Office with questions or concerns.
